Enthusiastic Frontend Developer with a passion for aesthetics, functionality, and user experience. Eager to immerse myself in the world of frontend development, I'm keen on expanding my skills and contributing to impactful projects. With a solid foundation in React, I'm excited to tackle challenges head-on and contribute to dynamic web projects that push the boundaries of innovation.

💼 PROFESSIONAL EXPERIENCE

2024 Jan – present
Remote

Junior Frontend Developer, Helios ⧉
As a Frontend Developer in a startup environment, I contribute to the migration of a Vue.js project to React.js with Next.js. My role involves crafting efficient, reusable components using Styled Components and TypeScript, while actively participating in feature development and user experience enhancements. I also play a role in the design process, leveraging my insights to influence and refine the UI/UX direction. Additionally, I maintain an organized component library in Storybook to streamline development and testing workflows.

🎓 EDUCATION

2021 Oct – 2022 Jun
Porto, Portugal

Postgraduate Degree, Specialization Course in Interaction Design, Web, and Games, Faculty of Fine Arts of the University of Porto ⧉
I acquired skills in project development methodologies, ensuring the efficient and effective delivery of MVPs. This involved learning the user-centered design process, prototyping, developing design systems, and utilizing Figma for collaborative design work.

📜 CERTIFICATES

Meta Frontend Developer ⧉ — Entry-level

🧠 SKILLS

React.js • Next.js • HTML5 & CSS3 • Styled components • Typescript • Storybook
