Alena Hanchar

Frontend Developer

📍 Portugal   in /alena-hanchar

🐙 /alena-h   Bē /lenahanchar

Looking for my first job opportunity or professional internship in frontend development. 🚀

I'm a nutritionist transitioning into tech, with a focus on web development and React. I'm eager to apply my problem-solving skills and learn on the job while contributing to real-world projects.

I'm also interested in exploring 3D and animation to create more exciting and dynamic applications, currently diving into libraries like Three.js and GSAP.

Professional Experience

Junior Frontend Developer, Helios ⧉   2024 Jan – 2024 Aug
Remote

As a Frontend Developer in a startup environment, I contribute to the migration of a Vue.js project to React.js with Next.js. My role involves crafting efficient, reusable components using Styled Components and TypeScript, while actively participating in feature development and user experience enhancements. I also play a role in the design process, leveraging my insights to influence and refine the UI/UX direction. Additionally, I maintain an organized component library in Storybook to streamline development and testing workflows.

Education

Postgraduate Degree, Specialization Course in Interaction Design, Web, and Games, Faculty of Fine Arts of the University of Porto ⧉   2021 Oct – 2022 Jun
Porto, Portugal

I acquired skills in project development methodologies, ensuring the efficient and effective delivery of MVPs. This involved learning the user-centered design process, prototyping, developing design systems, and utilizing Figma for collaborative design work.

Certificates

Meta Frontend Developer ⧉ — Entry-level

Skills

React.js • Next.js • HTML5 & CSS3 • Styled components • Typescript • Storybook
